2. Specifications

2.1. Technical Data

Communication Module	SARA-U2 series	3G GSM Module ; Support UMTS/HSUPA/HSDPA/GSM
Position Module	MAX M8C	Dual-frequency satellite positioning Module ; Support GPS / GLONASS
SIM Card	Support Micro Sim Card	

2.2. Battery Data

Battery	1000mAh / 3.7v
Charging Cable	300cm, USB Patented Magnetic charging cable
Ideal Operating Time	From 12 hours to 21 days (standby time). It depends on using way and GPS/GSM/UMTS single receiving environment

2.3. Environmental Requirement (without SIM)

Relative Humidity	0 ~ 95% (noncondensing)
Operating ambient temperature	0°C ~ 55°C
Nonoperating Temperature	-20°C ~ 80°C

2.4. Device Dimensions and Weight

Dimensions	Length : 148mm	Width : 49.2mm	Height : 12.8mm
Weight	93.3±0.2g		

2.5. Installation Accessories

M5 Hexagon socket head cap screw	Length	30.0±0.1mm
	Except the screw head and Gasket	23.9±0.1mm

2.6. Package

Dimensions	194.0±0.1mm	89.60±0.1mm	36.52±0.1mm
Weight	222.30±2g		

3. Carton Delivery

The weight of package doesn't include the internal packaging materials and the carton weight.

Carton Size	Length : 430 mm	Width : 340 mm	Height : 300 mm
Packing Quantity	50 pcs		
Expecting Net Weight	11.12Kg
